Introducing VIZILITE

Our practice continually looks for advances to ensure that we are providing the optimum level of oral health care to our patients. We are constantly monitoring your health and looking for any changes at every exam. Even before we check your teeth we examine all the soft tissue to ensure that everything is healthy.

Starting December 1 we will incorporate VIZILITE PLUS into our oral screening exam. This quick test enables early detection of changes to the tissues in your mouth. The test itself will be done at your regular check up and cleaning. A simple rinse of solution and a light wand will illuminate any suspicious areas.

Your insurance may or may not cover the \$40.00 cost. An estimate can be sent out prior to your appointment, if you wish. If you do not want this added prescreening method, please let us know. Early detection of any disease is crucial. We are pleased to offer this service to our patients.

In this holiday season, we wish to thank all of our patients for their continued confidence in our team. We are grateful to you, our patients, and will continue to provide compassionate care.

Merry Christmas and Happy New Year from Dr. Art, Stacey, Cathy, Joanne, Michelle, Mira and Melanie and their families.
